

# H1N1 FLU CLINICS

## Are you?

- 6 months through 24 years of age
- A caregiver/household member of a child younger than 6 months of age
- Pregnant
- A health care or emergency services worker (with direct patient contact) or
- A person aged 25-64 with a chronic health condition

The H1N1 vaccine will be provided at no charge at Health Department community clinics.

For more information and to download a vaccine consent form ahead of time, visit [www.ldchealth.org](http://www.ldchealth.org)

\* Please note clinic schedule is tentative as delivery of the vaccine is not certain. Clinics are subject to change and may be rescheduled.

Protect yourself and those around you –  
***Get vaccinated against H1N1!***
